

OVERPACKAGING

LET'S SEE:

Does it matter how food is packaged?

YOU NEED:

- ___ large bag of popcorn
- ___ small bag of popcorn
- ___ tape

DO THIS:

- ___ 1. How much popcorn is in:
a small bag? _____ a large bag? _____
- ___ 2. How many small bags are the same as one large bag? _____
- ___ 3. Eat the popcorn.
- ___ 4. Lay the empty bags flat.
- ___ 5. Tape all of the small bags from the class together.
- ___ 6. Measure it against the large bag of popcorn.

CONCLUSION:

Which way of packaging makes more garbage?

- ___ lots of little bags
- ___ one big bag

How could you take some popcorn for lunch without buying little bags?
